OFFICE OF LEGISLATIVE COUNSEL

Monday - 5 December 1966

25X1 1. [] Met with Russ Blandford, House Armed Services Committee staff, to show him the papers on the Soviet ABM situation. Mr. Blandford indicated he would like to review these in greater detail later in the week and the papers were brought back to the Agency.

25X1 2. [] Talked with Art Roberts, in the office of Representative Claude Pepper, concerning [] which Roberts had raised with Mr. Blandford last week. I explained that there was no outstanding financial obligation nor had there ever been a commitment for \$50,000. Roberts advised that [] and the attorney had actually visited Mr. Pepper's office in Florida raising this. Mr. Pepper had not been inclined to look into this matter but did desire to check it. It would appear that the Congressman plans no further action after receiving this report. 25X1

25X1 3. [] Talked with Jim Kendall, Senate Preparedness Investigating Subcommittee staff, furnishing him the briefing notes from last October dealing with the Soviet Union. Also furnished him the charts which are all in one bound volume. These should be picked up from Kendall later this week.

25X1 4. [] Received from Mr. Russ Blandford some slides taken of Soviet destroyers in the Dardanelles. He thought possibly these might be of value to us. He would like them returned when they have served our purposes. ✓

25X1 5. [] Talked with John Jackson, Administrative Assistant to Senator Leverett Saltonstall. He informed me that Senator Brooke is in town interviewing new staff people. He said the Senator has been badgered by the press and has very little time available. Jackson informed him of our interest in seeing him and offer of a briefing. The Senator appreciates this but feels he will not have an opportunity to accept our offer on the present trip. Jackson will be in touch with us further at a later time.
